

2017-2019 SPIL Public Hearing Questions

1. Do you feel you have as much control over your services as you would like, what are the main challenges affecting access to IL services?
2. Do you think you have access to all of the information and assistance you need to locate and manage the services you need?
3. Are you satisfied with the level of mobility you have in terms of transportation either via public transit options or private vehicle?
4. Do you feel there is an ongoing need to educate communities, businesses, and individuals about disability accessibility laws such as the ADA, Fair Housing Act, etc.? Where do you see the greatest barriers—business, government services, etc.?
5. Do you feel you have as much contact with other people with a similar disability/experience with whom to share ideas, gain knowledge, etc. as you would like? Are these peer connections important to you?
6. a) What are your ideas to address key issues?
b) Are there other issues that have not been brought up yet, that you would like to address at this time?
